

*In conjunction with Central Foliage, Landscape Resources, and Bruce Miller Nurseries - A study of the effect of Menefee Humate™ on the growth of Ornamentals, 1995.*

## Hibiscus

Central Foliage - Dallas, Texas

Photographs taken - 5.28.95

Left: Control

Right: Treated with Menefee Humate™  
(Larger, healthier plant)

## Begonias

Landscape Resources - Irving, Texas

Photographs taken - 5.24.95

Left: Control

Right: Treated with Menefee Humate®  
(Larger, healthier plant with greater root development)

## Pansies

Bruce Miller Nurseries - Dallas, Texas

**Control:** Plants are not blooming and the leaves are curled and closing showing stress.

**Treated with Menefee Humate™:** 8 lbs per cubic yard into the potting mix - earlier germination, plants are blooming, and leaves are flat and healthy.
